MEMORANDUM FOR: Chief, Military Division, OCI
FROM: Chief, CIA/PID (NPIC)
SUBJECT: Military Installations in Cuba
REFERENCE: (a) Requirement OCI/10/63
(b) CIA/PID Project C 223-63

1. This memorandum is in response to your requirement dated 21 February 1963 requesting a detailed examination of the following installations: Mayari Arriba Military Installation, and the Santiago de Cuba Unidentified Fenced Installation.

2. A detailed analysis has been made on all the indicated photo coverages and the enclosed tabulation includes the mission, date, and number of crates present on that date.

3. Those crates deployed under the trees and barely visible on vertical would probably not be visible on high altitude photography. If the crates which were subsequently removed from the open area were repositioned under the trees, then the count indicated in the tabulation would be incomplete.

4. The photo analyst on this project is and he may be contacted on extension should you have any further questions concerning this project.

5. This project is considered to be complete.
